Independent Auditor's Report

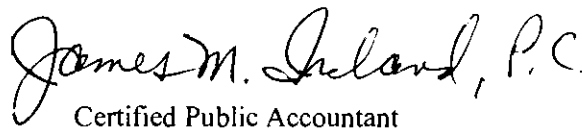

Members of the Township Board  
Township of Riley  
Clinton County, Michigan

Boardmembers:

We have audited the accompanying general purpose financial statements of the Township of Riley as of and for the year ended March 31, 2007, as listed in the table of contents. These general purpose financial statements are the responsibility of the township's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Township of Riley as of March 31, 2007, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

In accordance with generally accepted accounting principles and Governmental Accounting Standards Board (GASB) Statement No. 14 "The Financial Reporting Entity", these financial statements present the Township of Riley and its component units. The criteria established by the GASB for determining the reporting entity includes oversight responsibility, fiscal dependency, and whether the financial statements would be misleading if data were not included.

Basis of Presentation

The accounts of the government are organized and operated on the basis of funds and account groups. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements. Account groups are a reporting device to account for certain assets and liabilities of the governmental funds not recorded directly in those funds.

The financial activities of the Township of Riley are recorded in separate funds and account groups, categorized as follows:

GOVERNMENTAL FUNDS

General Fund

This fund is used to account for all financial resources except those provided for in another fund. Revenues are primarily derived from property taxes, State and Federal aid, and charges for services to provide for the administration and operation of: (1) general governmental departments, boards and commissions; (2) law enforcement; and (3) health, welfare and medical assistance. The fund includes the general operating expenditures of the local unit.

Special Revenue Funds

These funds are used to account for specific revenue (other than expendable trusts or major capital projects) derived from State and Federal grants, General Fund appropriations and charges for services which are to be expended for specific purposes as dictated by legal, regulatory or administrative requirements.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FIDUCIARY FUNDS

Trust and Agency Funds

These funds account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. These include: (a) Expendable Trust Funds; (b) Nonexpendable Trust Funds (c) Pension Trust Fund; and (d) Agency Funds.

BASIS OF ACCOUNTING

The modified accrual basis of accounting is used by all Governmental Funds, Agency Funds and Expendable Trust Funds. Revenue and other sources are recognized in the accounting period in which they become susceptible to accrual--that is when they become both measurable and available to finance expenditures of the fiscal period. Expenditures are recognized when the related liability is incurred. Modifications from the accrual basis are as follows:

- a. Property tax revenue is recognized in accordance with MCGAA Statement 3:  
  
Properties are assessed and lienied as of December 31 and their related property taxes are billed on December 1 of the following year. These taxes are due on February 14 with the final collection date of February 28 before they are added to the county delinquent tax rolls.
- b. Payments for inventoriable types of supplies are recorded as expenditures at the time of purchase.
- c. Normally, expenditures are not divided between years by the recording of prepaid expenses.

Budgets and Budgetary Accounting:

The Township follows these procedures in establishing the budgetary data reflected in the financial statements.

1. Prior to December 1, the Supervisor submits to the Board a proposed operating budget for the fiscal year commencing the following April 1. The operating budget includes proposed expenditures and the means of financing them. The budgets are adopted to the activity level.
2. Public hearings are conducted at the Township hall to obtain taxpayer comments.
3. Prior to February 1, the budget is legally enacted through passage of a resolution.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Budgets and Budgetary Accounting: (Cont'd)

4. Budgets for the governmental fund types and the expendable trust funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).
5. Budgeted amounts are as originally adopted, or as amended by the Township Board.

Investments:

Investments are stated at cost.

Property Tax and Delinquent Taxes Receivable

Taxes are levied for the Township on December 1. The Township bills and collects its own property taxes. Property taxes not paid to the Township treasurer by the final due date in March are turned over to the County treasurer. The County purchases the delinquent taxes of the Township and normally remits the taxes to the Township the following year. The taxes paid by the county are included as revenue on the Township's books at the preceding March 31 date.

The 2006 Taxable valuation of the Township totaled \$64,155,643, on which ad valorem taxes levied consisted of 0.9893 mills for operating purposes and 0.9893 mills for road improvements. These amounts are recognized in the general fund.

BALANCE SHEET--CASH AND INVESTMENTS

Deposits are carried at cost. Deposits are in one financial institution in the name of Riley Township Treasurer. Michigan Compiled Laws, Section 129.91, authorizes the Township to deposit and invest in the accounts of Federally insured banks, credit unions, and savings and loan associations. Investments can also be made in bonds, securities and other obligations of the United States, or an agency or instrumentality of the United States, which are guaranteed as to principal and interest by the United States, including securities issued by the Government National Mortgage Association; United States government or Federal agency obligation repurchase agreements; bankers' acceptance of United States banks; commercial paper rated within the three highest classifications by not less than two standard rating services which mature not more than 270 days after the date of purchase and which involve no more than 50 percent of any one fund. Michigan law prohibits security in the form of collateral, surety bonds, or other forms for the deposit of public money. Attorney General's Opinion No. 6168 states that public funds may not be deposited in financial institutions located in states other than Michigan. The Township's deposits are in accordance with statutory authority.

The Governmental Accounting Standards Board (GASB) Statement No. 3 risk disclosure for deposits at year end are as follows:

Deposits

Insured (FDIC)	\$173,301
Uninsured	<u>20,000</u>
Total Deposits	<u>\$193,301</u>

At year end, the balance sheet carrying amount of deposits was \$193,301.

MANAGEMENT'S DISCUSSION AND ANALYSIS

March 31, 2007

---

New Financial Reporting

Starting with fiscal year 2004-2005 the Township of Riley, Michigan (the "Township") revised and improved its financial reporting document. These changes are a result of standards set by the Governmental Accounting Standards Board (GASB). The intent of these new standards is to provide citizens, taxpayers, customers, and investors with a better understanding of how the Township's money and other assets are managed.

The new standards set by GASB are intended to give the reader of this annual financial report a better understanding of the financial status of the Township. The new standards introduce accounting rules and systems that are common in the private sector. This report presents a much broader picture of the Township's financial status. Through this comprehensive reporting of assets and liabilities, the reader should have a greater understanding of the Township's financial health.

The discussion and analysis of the Township's financial performance provides an overview of the Township's financial activities for the fiscal year ended March 31, 2007. Please read it in conjunction with the Township's financial statements.

Financial Highlights

As discussed in further detail in this discussion and analysis, the following represents the most significant financial highlights for the year ended March 31, 2007:

Property tax revenues increased from the prior year. The increase is the net result of increasing valuations in the Township.

Total fund balances related to the Township's governmental funds decreased by \$78,112.

Using this Annual Report

This annual report consists of a series of financial statements. The statement of new assets and the statement of activities provide information about the activities of the Township of Riley as a whole and present a longer-term view of the Township's finances. This longer-term view uses the accrual basis of accounting so that it can measure the cost of providing government services.

The fund financial statements present a short-term view; they tell us how the taxpayers' resources were spent during the year, as well as how much is available for future spending. Fund financial statements also report the operations of the Township of Riley in more detail than the government-wide financial statements by providing information about the Township's most significant funds. The fiduciary fund statements provide financial information about activities for which the Township of Riley acts solely as a trustee or agent for the benefit of those outside the government.

Using this Annual Report (Cont'd)

Governmental Activities

The Township's governmental revenues totaled \$276,604 with the greatest revenue source being property taxes. Property taxes make up approximately 51.3% percent of total governmental revenue. Over the past few years, state shared revenue and interest income have both declined.

The Township incurred expenses of \$198,492 during the year.

General Fund Budgetary Highlights

Over the course of the fiscal year, the Township board made necessary budget adjustments to fund unanticipated expenditures during the year. Most departments came in under budget at year end, an overall favorable variance approximately \$194,332 from budget.

Current Economic Factors

Revenue sharing is the most significant budgetary concern at this time. The State of Michigan is experiencing significant budget problems, and as they look for solutions, revenue sharing continues to be under attack.

Contacting the Township's Management

This financial report is intended to provide our citizens, taxpayers, customers, and investors with a general overview of the Township's finances and demonstrate the Township's accountability for the money it receives. If you have questions about this report or need additional information, we welcome you to contact the Township Board.
